Ondra-Huyett Associates Wins Associated Builders & Contractors National Excellence in Construction Pyramid Award for Private Residence

Ondra-Huyett Associates' work on the Lehigh Valley Private Residence has earned a National Excellence in Construction® Pyramid Award from Associated Builders and Contractors in the Residential Construction category. Terry Hodge and Robin Hoover of Ondra-Huyett accepted the award during ABC's 29th annual Excellence in Construction® Awards gala in Long Beach, California.

"We are proud to honor Ondra-Huyett with a National Excellence in Construction® Pyramid Award," said 2019 ABC National Chair Tony Rader, telecom vice president of National Roofing Partners, Coppell, Texas. "The Private Residence shows not only the exceptional talent in our industry, but the overall commitment to building safely, on time and on budget. Ondra-Huyett's breadth of skills and craftsmanship greatly benefits the merit shop construction industry."

The Excellence in Construction awards program is the industry's leading competition that honors both general and specialty contractors for innovative and high-quality merit shop construction projects. A panel of industry experts served as the competition's judges. This year's panel included representatives from the Building Owners and Managers Association International, the Smithsonian Facilities Construction Division, the Construction Management Association of America, Engineering News-Record, Design-Build Institute of America and various construction-related firms nationwide.

Ondra-Huyett Associates has won many ABC Excellence in Construction awards and is particularly proud to have competed and won for our first residential entry. In addition, Ondra-Huyett's entry won for ABC's Eastern PA Chapter's Project of the Year, out scoring all other entries with a perfect score of 100.

Full-time Project Supervision - What's the Value? - by Michael Gibson

For decades every construction project has been challenged with the conundrum of paying for full-time or limited supervision. The reason seems simple - price. But to better understand the value one needs to look at today's construction environment.

Ondra-Huyett Associates Celebrates 24th Year In Business

April 1st marked Ondra-Huyett's 24th year as a construction management company in the Lehigh Valley. Mike Ondra and Keith Huyett had a vision on how to deliver construction services collaboratively such that every stakeholder would be treated fairly without expense to one or another. Today, that focus remains the same. We would like to thank our clients, many of which have been with us from the start, our business partners, our subcontractors and our talented and dedicated employees without which none of this would be possible. On behalf of Robin and myself, we look forward to many more years delivering successful construction projects throughout the region.

Terry Hodge, President

STAFF SPOTLIGHT

Dave Nikisher - Superintendent

David's 25+ years of commercial and industrial superintendent experience covers all aspects of the construction, from site layout through occupancy. His carpentry background, attention to detail and industry knowledge coupled with his personal integrity and pride reflects in each project. David has received training and certification from Green Advantage, Inc. - Commercial, adding another dimension to his project delivery skills.

Since joining Ondra-Huyett in 2004 David's list of successfully completed projects include building renovations and expansions, renovations and addition of a high tech data recovery facility, and a control room addition for PPL at their pipeline facility in Martins Creek, a ground up new bank facility and many others.

David completed a new ground-up facility for Highland Animal Hospital including all site improvements and critical care elements, and has just completed the restoration of an existing farmhouse with multiple additions for the MRA Group to house their new corporate offices as well as several medical office suites.

David is an active hunter, soccer and baseball dad, participates in building projects at his church and enjoys stonework and landscape projects at his home.

Ondra-Huyett Associates continues to staff our projects with full-time superintendents like Dave to meet the needs of our clients.

ASK OUR EXPERTS!

Are you unsure on how best to buy Construction Management services? Don't know what contract type best fits your project? Or, do you simply want to know how to address a challenge in your facility?

Ask our experts- send your question info@ohainc.com for answers to these and any other construction questions.
